**Ronnie Simon:** paul new president 😊

**cfiutak:** fine...thank

**cfiutak:** you

**Ronnie Simon:** we have just lost blair 😊

**kallisys:** I need more sleep.

**Ronnie Simon:** we all do !

**cfiutak:** yep...

**Ronnie Simon:** ok let's start

**cfiutak:** ok

22:05

**Ronnie Simon:** paul can you ngive us an update on wwnc japan ?

**kallisys:** sure

**kallisys:** I got a mail from Sai

**kallisys:** actually, I did send a mail to Sai and he replied

**kallisys:** I told him about what we decided

**kallisys:** he said that they don't have a guy for the website yet

**kallisys:** the location is confirmed

**kallisys:** they did not decide about the party on the Friday night, but they're thinking about a curry restaurant

**kallisys:** and he sent me the preliminary budget as you requested

**Ronnie Simon:** good

**Ronnie Simon:** how many people is he expecting ?

**kallisys:** 50.

**Ronnie Simon:** that's good at this stage

**Ronnie Simon:** what does he need from us ?

**kallisys:** I believe the entry fee he suggested is a little bit too low

**Ronnie Simon:** what is this figure ?

**kallisys:** he didn't mention anything

**kallisys:** 3000 Yen

**Ronnie Simon:** what is that in usd / euros ?

22:10

**kallisys:** 18.48 EUR

**kallisys:** 25 USD

**kallisys:** for the record, the fees for 2006 was 40 USD

**Ronnie Simon:** why are they so low, did he say ?

**kallisys:** no

**kallisys:** I didn't have the time to comment his budget

**kallisys:** I got his e-mail two days ago

**Ronnie Simon:** ok

**kallisys:** I think what they need from us is quite simple

**Ronnie Simon:** does he need anything more from us ?

**kallisys:** everything that is related to English.

**Ronnie Simon:** ??

**cfiutak:** 😊

**kallisys:** for example, I think he expects me to handle the guest speakers

**kallisys:** they expect that we advertise the conference in English and get international people to go.

**Ronnie Simon:** comments ?

**cfiutak:** **we should that and help the team from japan**

**Ronnie Simon:** that is fair, but challenging

**kallisys:** Grant mentioned that he might go.

**Ronnie Simon:** i have sent david the contact for the uik press

**Ronnie Simon:** do we have an article to publish ?

**cfiutak:** good question...

**kallisys:** I believe the steps would be

**kallisys:** 1- the website

**kallisys:** 2- a first PR

22:15

**cfiutak:** yep...

**Ronnie Simon:** i shall contact david about the initial pr

**Ronnie Simon:** any comments on the website grant ?

**kallisys:** Ronnie: Grant did not join yet.

**cfiutak:** ...I invited him also

grantsplorp has joined this chat.

**grantsplorp:** hullo. sorry i'm late.

**Ronnie Simon:** hi grant any news on wwnc japan and the website ?

**grantsplorp:** paul is gathering information and translations that we can use as updates.

**grantsplorp:** both for wwnc and the wwna sites, i am assuming.

**Ronnie Simon:** thanks

**Ronnie Simon:** so what are we missing at the moment ?

**cfiutak:** the pr text

**kallisys:** grant: I got a reply

**kallisys:** they didn't decide on a website guy yet

**grantsplorp:** ok.

**Ronnie Simon:** i am sure david has the pr

**kallisys:** however, the place is confirmed

**Ronnie Simon:** so what are the outstanding topics / activities ?

22:20

**kallisys:** Sorry, I do not understand the question.

**cfiutak:** **Can someone sent me the pr text...? So that I can translate it into German?**

**Ronnie Simon:** the key action from last meeting was to send contact information to support david's pr by the end of this week

**Ronnie Simon:** we did not identify any other action

**Ronnie Simon:** what are we missing at this nstage ?

**kallisys:** - update the website

**kallisys:** - write the new PR text

**kallisys:** - send it to the press

**Ronnie Simon:** actions 2 and 3 are david's

**Ronnie Simon:** ho owns action 1 ?

**grantsplorp:** that would be me.

**Ronnie Simon:** ok

**grantsplorp:** as soon as i have the information

**grantsplorp:** from paul and the japanese web contact.

**Ronnie Simon:** so is there anythingelse that we can do at this stage ?

**kallisys:** Grant, what information are you missing

22:25

**grantsplorp:** the location, i suppose.

**grantsplorp:** you did send me the dates.

**kallisys:** It's Salon de G

**grantsplorp:** who will be the contact for more information regarding the conference?

**kallisys:** <http://www.salon-g.com/>

**grantsplorp:** thank you.

**Ronnie Simon:** is david the best contact ?

**kallisys:** You can put Sai for the Japanese contact for now

**kallisys:** and David for the English one

**Ronnie Simon:** ok

**Ronnie Simon:** any other questions ?

**grantsplorp:** i will need sai's email address.

**Ronnie Simon:** [sai@26inch.net](mailto:sai@26inch.net)

**kallisys:** his real name is Hiruyuki Saiki

**grantsplorp:** ok, thank you.

22:30

**Ronnie Simon:** have we finished this topic ?

**Ronnie Simon:** are bthere more questions ?

**cfiutak:** no questions from me

**Ronnie Simon:** ??

**Ronnie Simon:** adam any comments ?

**adamtow95:** nope

**adamtow95:** nothing from me

**Ronnie Simon:** paul ?

**grantsplorp:** i'm good.

**kallisys:** i'm good.

22:35

**Ronnie Simon:** we have no extra actions, when should we review the current actions ?

**kallisys:** I'll try to build the programme with the help of the Japanese

**kallisys:** do you have any names to suggest?

**Ronnie Simon:** what are you thinking of ?

**kallisys:** I have just asked Grant since he might make it and he did a very beautiful presentation last time.

**kallisys:** I'm working on Adam as well.

**Ronnie Simon:** good

**kallisys:** I also believe it could be a good occasion to bring someone new

**kallisys:** such as Steve Capps

**Ronnie Simon:** good idea

**Ronnie Simon:** he will need enough notice

**Ronnie Simon:** who is making contact with him ?

22:40

**kallisys:** I will do it

**Ronnie Simon:** what are the financial implications ?

**kallisys:** I will check

**kallisys:** for now, they're asking a 1000 EUR participation from the association

**kallisys:** yet we can afford to put more there

**kallisys:** I can also convince him to increase the entry fee

**Ronnie Simon:** that is a verey good idea

**kallisys:** we definitely cannot afford 1st or business tickets though

**Ronnie Simon:** i agree

**Ronnie Simon:** is capps at microsoft ?

**kallisys:** no

**kallisys:** he no longer is

**kallisys:** walter also left microsoft, btw

**Ronnie Simon:** it does not suprise me

**Ronnie Simon:** good luck with steve

**grantsplorp:** i think he still does work through his interface development company.

**grantsplorp:** <http://www.onedoto.com/>

22:45

**Ronnie Simon:** thanks

**Ronnie Simon:** any other points ?

**grantsplorp:** oh, Steve Weyer has had previous contact with Mr Capps as well.

**grantsplorp:** perhaps that's a route to check.

**kallisys:** thanks Grant

**kallisys:** I found Steve's wife (?) e-mail address.

**Ronnie Simon:** !

**Ronnie Simon:** any other comments / points ?

**Ronnie Simon:** ??

22:50

**Ronnie Simon:** have we finished ?

**Ronnie Simon:** next meeting 2 or 3 weeks time ?

**grantsplorp:** ok.

**cfiutak:** ok

**kallisys:** ok

**adamtow95:** the meeting should be in 2 weeks

**adamtow95:** since we're getting closer to the conference

**grantsplorp:** that's fine.

**cfiutak:** fine with me

**kallisys:** likewise

**Ronnie Simon:** ok i shall send out an invitation and contact david on his actions

**grantsplorp:** once i get the first basic information about the conference on the web site, i will send a message to NTLK.

**Ronnie Simon:** good

**Ronnie Simon:** thanks guys

**grantsplorp:** paul, should we include a request for potential speakers?

**kallisys:** sure

**grantsplorp:** perfect.

22:55

**kallisys:** please tell them to contact me directly

**kallisys:** however, the past conferences show that I need to ask people individually at first 😊

**grantsplorp:** true.

**grantsplorp:** like me.

**kallisys:** it would be great if you could make it.

**Ronnie Simon:** i agree

**grantsplorp:** i'm trying.

**Ronnie Simon:** i think we have reached the end unless there is more einstein news

**kallisys:** There is no einstein news for the moment;

**Ronnie Simon:** ok, good night and see you in 2 weekis time

**kallisys:** Good night Ronnie!
