cfiutak has joined this chat.

cfiutak: Hi all!

Ronnie Simon: i was hoping sylvain was going to join us

kallisys: hi all.

FrankFromPdaSoft: hi

Ronnie Simon: hi

Ronnie Simon: this could be a short meeting without sylvain

cfiutak: Maybe Paul knows his ID?

Ronnie Simon: unless there are other topics to discuss, the main action would be for me to talk to sylvain about the referendum preparations

21:05

Ronnie Simon: i have his id and he is not signed on

cfiutak: ah...ok

Ronnie Simon: what would you all like to do / talk about ?

cfiutak: Hm...

Ronnie Simon: we are missing grant regarding the dvds as well

kallisys: what is the status of the address change, ronnie?

cfiutak: dvds...that a important item

cfiutak: But Grant is online...

Ronnie Simon: i sent the signed pdf to sylvain, so i am hoping he has done something with it

kallisys: ok.

Ronnie Simon: he is but unavailable at this moment

Ronnie Simon: short meetings with specific actions are generally good things 😊

21:10

Ronnie Simon: does anyone have anything to add ?

cfiutak: Yes..

Ronnie Simon: go on

cfiutak: Sorry..

cfiutak: one moment please

udog124: (elevator music)

Ronnie Simon: lol

cfiutak: Sorry...my wife...😞

Ronnie Simon: !

cfiutak: So...I would like to know something about the Conference in SanFran...

Ronnie Simon: go on

cfiutak: How many visited the conference, how many people payed for the conference....

cfiutak: Is there a big (minus) or a (plus) left....?

Ronnie Simon: ok, i sent a copy of the last chat minutes to grant with this information, so i shall look it up

cfiutak: Ok...thank you

Ronnie Simon: paul gave us the statistics last time

cfiutak: Ok...

cfiutak: that should be enough...but there is my next question:

21:15

Ronnie Simon: go on

cfiutak: Is it possible to put all the information regarding the board of the WWNA of a webpage?

cfiutak: With access only for the board members...

Ronnie Simon: what sort of information are you thinking of ?

cfiutak: 1. Chat logs...

cfiutak: 2. Statistics..

Ronnie Simon: grant already has this setup for chat logs

Ronnie Simon: the statistics is a good idea

cfiutak: I also think that we should prepare something like a BBC system for the WWNA...

cfiutak: A mailing list is ok, but...not perfect for a us.

Ronnie Simon: by the way there were 27 attendees at the wwnc 2006

Ronnie Simon: what is a bbc system ?

cfiutak: an online forum...

cfiutak: bulletin board...

21:20

Ronnie Simon: i see

cfiutak: ok..thanks for the number of attendees

Ronnie Simon: i m sure grant has a view on how we could set this up

cfiutak: With some free software it should be easy to setup and easy to maintain

Ronnie Simon: i will make sure he has an opportunity to respond to this request

cfiutak: ok

Ronnie Simon: anything else ?

cfiutak: maybe someone else?

cfiutak: one other question from me:

Ronnie Simon: go on

cfiutak: Are the paper and everything else available somewhere?

cfiutak: sorry...papers..

21:25

Ronnie Simon: yes, grant is going to place them on a dvd/web site after his march break with adam tow's help

cfiutak: aha....so he will need another 4 to 6 weeks?

Ronnie Simon: he is concentrating on the 2004 dvds before his break and on the 2006 dvds after his break

cfiutak: ok...I understand.

Ronnie Simon: any other questions ?

cfiutak: hm....not from at the moment.

cfiutak: (me) 🙄

Ronnie Simon: thanks

Ronnie Simon: is this a good point to end the meeting ?

cfiutak: maybe...

Ronnie Simon: i plan to ask sylvain to send out an email regarding the referendum preps to keep us informed

cfiutak: ok

Ronnie Simon: paul any comments ?

Ronnie Simon: david ?

Ronnie Simon: frank ?

kallisys: well, the referendum work is mine

kallisys: not sylvain's

kallisys: so far

kallisys: I have to edit the text with david's comments

Ronnie Simon: go on

21:30

kallisys: sylvain has to fix the address problem, though

kallisys: which is the **very** urgent thing.

Ronnie Simon: i agree

FrankFromPdaSoft: me too

grantsplorp has joined this chat.

cfiutak: Hi Grant

grantsplorp: yikes.

grantsplorp: sorry about that kids.

grantsplorp: whatever you're talking about, i vote yes.

grantsplorp: 😊

Ronnie Simon: hi grant

cfiutak: 😊

Ronnie Simon: grant can you give us an update on the dvds content ?

grantsplorp: sure.

Ronnie Simon: thanks

grantsplorp: it's more done than it was the last time we chatted.

FrankFromPdaSoft: what's missing?

grantsplorp: the interface is 95% complete

grantsplorp: i ran into some issues when i burned a test dvd.

grantsplorp: the style sheets were messing up the links between certain sections.

grantsplorp: i still have some cleaning up to do.

grantsplorp: to make all of the links to the movie clips work properly in different browsers.

grantsplorp: i'm hoping to be able to finish it up

grantsplorp: before i leave on vacation friday morning

grantsplorp: if i can't get the components working the way they should...

21:35

grantsplorp: it will have to wait until i return on the 10th of march.

grantsplorp: i really wanted to have everything completed before this week.

grantsplorp: but that problem stumped me for a few days.

Ronnie Simon: c'est la vie

grantsplorp: 😊

cfiutak: thats normal..

grantsplorp: absolutely normal for me.

Ronnie Simon: thanks grant

cfiutak: Ok...so...you hope that the 2004 dvd will be ready at the end of march, Grant?

Ronnie Simon: one other question regarding a forum for the board members only to go with the chat logs, how easy is it to set this up ?

grantsplorp: definitely.

Ronnie Simon: ?

cfiutak: ? 😊 Grant?

Ronnie Simon: any comments grant ?

21:40

grantsplorp: not sure what that's all about.

grantsplorp: i think i missed that part of the discussion.

Ronnie Simon: you did

grantsplorp: we're looking at a forum?

cfiutak: Yes !

cfiutak: Something like online forum for the WWNA

grantsplorp: ok.

Ronnie Simon: i think like a newtontalk purely for the board ?

cfiutak: but newtontalk is a mailinglist

grantsplorp: doesn't our current mailing list work?

grantsplorp: unless you need something that is moderated and archived.

Ronnie Simon: you are right forget what i have just said

grantsplorp: we could post the mailing list archives.

grantsplorp: to teh wwna site, just like the chat logs

grantsplorp: teh = the

Ronnie Simon: that would work

FrankFromPdaSoft: Wouldn't it be easier to simply mail the chat logs to every board member??

Ronnie Simon: you can download the already today

Ronnie Simon: them

Ronnie Simon: i mail them to grant and he logs them

cfiutak: URL?

Ronnie Simon: for example

21:45

Ronnie Simon: i shall look it up

grantsplorp: <http://worldwide-newton.asso.eu.org/files/transcripts>

cfiutak: ok....

Ronnie Simon: thanks

grantsplorp: i sent the url to the mailing list last month

cfiutak: great....bookmarked

Ronnie Simon: ok

Ronnie Simon: paul did you finish about the referendum ?

cfiutak: maybe lost somewhere in the spam filter...

Ronnie Simon: any other points ?

cfiutak: no

Ronnie Simon: paul ?

Ronnie Simon: frank ?

Ronnie Simon: grant ?

Ronnie Simon: david ?

udog124: nothing here, your honor

grantsplorp: nope.

grantsplorp: i'll review the beginning part of the chat after the logs get sent out.

grantsplorp: wink, wink, ronnie.

Ronnie Simon: ca vas ? paul

Ronnie Simon: lol

cfiutak: 😊

FrankFromPdaSoft: nope

kallisys: ok

21:50

Ronnie Simon: i will contact sylvain about the list

Ronnie Simon: paul ?

Ronnie Simon: does the referendum timetable need to change ?

Ronnie Simon: \we had planned for next week

kallisys: probably.

kallisys: we should wait until grant returned, I guess

Ronnie Simon: ok

cfiutak: ok for me

Ronnie Simon: i would suggest we have a checkpoint meeting on the 15th march at this time, does that sound reasonable ?

cfiutak: good idea

kallisys: ok

Ronnie Simon: i will try not to catch avian flu - it should have arrived in the uk by then

cfiutak: 😊

cfiutak: hey...its in Germany...so

Ronnie Simon: ok i shall send out a notice

Ronnie Simon: shall we say goodnight ?

Ronnie Simon: or equivalent

FrankFromPdaSoft: equivalent 😊

cfiutak: Gute Nacht

cfiutak: 😊

udog124: later newtonheads

grantsplorp: lovely chatting with you all again.
